FIREROCK FREEDOM OF CHOICE AMENDMENT THE "HOMEOWNERS' AMENDMENT"

The Firerock Community Association Board of Directors has accepted our proposed Fourth Amendment (the Homeowners' Amendment) and has scheduled a meeting date of April 25, 2022 for voting on the proposed amendment.

Why voting **YES** to the Firerock Freedom of Choice Homeowners' Amendment makes sense for **all** homeowners of the Firerock Community.

- **Our amendment prohibits any future amendment that requires Association members to be members of a club or other entity which is not directly owned by the Association.** *We wanted to make it clear in this Homeowners' Amendment that we did not want any future mandatory club membership requirement.*
- **All amendments to this Declaration that confer, adopt, amend, or repeal any rights, benefits, or obligations of the Club or Club Property shall require approval of at least sixty-seven percent (67%) of all eligible Membership votes.** *We wanted to ensure that any changes to the club operation that involved changes in the HOA CC&R's requires a majority of all eligible Membership votes.*
- **The ability of the FHOA Board to conduct their business in the future will not be effected by our amendment.** *Our amendment only applies to changes to the CC&R's that involve the Club.*
- **Our amendment is designed to ensure community members right to a "free choice".** *This creates a strong community for all types of homeowners inside the gates, whether condos or single family homes. Different individual economic choices must always be respected.*

Vote YES for the Firerock Freedom of Choice Amendment - The "Homeowners' Amendment".
